The Silver States Split Even or Republicans and Fusionists.

Putionists Partially to Accord With the Democrats—Table Showing the Num-ber of Congressmen From Each State and the Party They Belong to-

WASHINGTON, Nov. 11 .- An analysis of the congressional election returns show that with returns missing from twenty districts in which the result is either entirely unknown or is very close, the democrats have elected to seats in the house of representatives for A the fifty-third congress, eighty-eight more representatives than the republi-, nine members-elect who are classified as either fusionists or Third party men, nearly every one of whom will act with the democrats in any proposed reduction of tariff taxes. Their support, with the additional strength the democrats are certain to derive from securing some of the twenty districts put in the unknown column, makes it conservative to estimate that the democrats will have a majority of one hundred members or more on the most important question likely to come before the next cuse of representatives, vis., a revision of the McKinley tariff law. A number of the fusionists are also thoroughly in secord with the democratic policy, as far as it goes, on all other questions.

An analysis by section of the vote Tuesday for congressman shows that the southern states, Maryland, Missouri and Kentucky, being included in the category, will send 117 democrats, only only four republicans and one Alliance democrat, McLaurin, of South Carolina to the next house, with four districts two in West Virginia and one each in Kentucky and Missouri, in doubt. Of the four Republican congressmen returned two come from Tennessee and one each from Kentucky and Missouri. The only apparent result of the fight made against the democrats in the south was to strengthen its hold on public affairs. In North Carolina, Cheatham, the colored republican, is defeated, after surviving the landslide of two years ago, and in Alabama a solid democratic delegation is returned, notwithstanding the efforts of Mr. Magee and others to split

Of New England's twenty-seven votes in the next house the republicans get eighteen and the democrats six.

The states of the northwest and agricultural west, beyond the Mississippi river, will send 29 republicans, 14 democrats and 5 fusionists to represent them in the next house, with two districts from Nebraska in doubt, and the entire seven from Minnesota placed in the same column, for lack of information as to the successful candidates.

The Pacific coast is entitled to eleven congressmen. Washington and Oregon each will send two republicans, and California will send four democrats, and perhaps more, three districts being close between the two old parties. The following is a table by state

A BABE'S FATE.

It Perishes in a Burning Building While Its Grandmother Sleeps. NEW YORK, Nov. 11 .- Joseph Bulmer and his wife, who live on the third floor of the tenement, No. 160 Orchard street, went out early Wednesday evening. leaving their six-months'-old-boy with Mrs. Bulmer's mother, Mrs. Miller, who makes her home with them. When the parents next saw their baby it lay on a cot in the hospital fatally burned. Mrs. Miller, who is an old lady, fell asleep after they left her with the baby, and was awakened by the shouts of the tenants as they rushed through the halls. Smoke filled the room. Confused and terrorized the woman forgot the child, and, rushing from the room, she joined the panic-stricken crowd. In the street Mrs. Miller thought of the child and told a policeman that the little one had been left in the third story. The policeman hurried up to the room, where he found the baby surrounded by flames and fatally burned.

Condemned Murderer Found Dead to His Cell on the Day of Execution.

ALLENTOWN, Pa., Nov. 11.-Wm. F. Keck, the murderer who was to have been hanged Thursday noon, was found dead Thursday morning. Whether death was due to heart failure over the approach of his doom or to poison is not known. Everything was ready for the hanging Thursday. The gallows were in position, the rope greased and fastened, the gallows tested, Kecks new suit was in his cell, the tickets of admission given out to about 100 persons, including visiting sheriffs and commissioners from nesghboring counties, but Keck cheated the gallows and ticket holders. .The doctors who made the post-mortem examination found no traces of poison and swore it was nervous exhaustion.

Frightful Crime. Sr. PETERSBUEG, Nov. 11.—The young giantess Yaroshevski recently called at the house of a family named Yooreski, living near the hamlet of Sariera. She drank considerable yodka with the mother, who subsequently went away and left her in charge of two young children. When the mother returned the young giantess was threatening to kill the three-year-old girl with a knife. In the corner lay the boy baby, with his throat cut, his cheeks gnawed off and all the blood sucked out of his body. The mother summoned the neighbors and they disarmed the giantess. The people of the hamlet tried to lynch the giantess, but she was rescued by the

The Charge Against the New Orleans Strikers.

The Militia and Civil Officers to Unite and Make Arrests.

The Mayor's Call Upon Citizens to Becom Special Officers Very Feebly Responded to-A Threatening State of Affairs The Governor Expected to Act.

NEW ORLEANS, Nov. 11.-Merchants are organizing auxiliary forces to aid the militia in protecting property from the strikers. They also contemplate conspiracy to ruin business. All the common laborers refuse to strike and this is an evidence of weakness of the general strike movement. All the railroads have notified their freight-handlers that they must return to work or lose their places.

The mayor's proclamation calling upon citizens to come to the city hall and be sworn in as special officers to assist the regular police in preserving the public peace was very feebly responded to Thursday morning. Not more than a dozen men presented themselves to be sworn in and the mayor practically admits his inability to control the situation.

The Times-Democrat, commenting on the matter says: "The call comes too late. Good citizens will not respond to the call for they have lost all confidence in the mayor and now regard him with auspicion.

The Impression is that the governor will now act promptly unless the laborers surrender.

It is understood that the railway companies will clear their tracks and bring the outside companies to town on special trains. Arms have been secured for the volunteer organizations. The cutting of the electric light wires Wednesday night created great indignation in the city and there is a universal demand that the state should act promptly. There has been no violence reported Thursday morning as yet. The laborers are issuing a circular presenting their side of the situation. There will be a conference between the state authorities and citizens at noon.

The strikers have sent another propsition to the merchants, but the concessions are considered so unimportant that there will be no delay for parley. The governor will issue his proclamation concentrating the arms of the state in New Orleans and calling for all citizens to join him in his efforts to preserve the peace. The leaders of the Amalgamated council will be called together and told of the governor's intention. They will also be arrested from state and federal courts on a charge of conspiracy. A cordon of police will be formed and street cars on one line will be run. To-night there will be light. Beyond that can not be foretold.

Turpie will be re-elected unless Isaac Pusey Gray's ambition leads him in that direction. Gray, however, is believed to have cabinet aspirations.

THE CINCINNATI LAUNCHED.

The New Cruiser Glides Off the Ways Smoothly at Brocklyn. NEW YORK, Nov. 11.—The United States protected cruiser Cincinnati, was successfully launched from the navy yard, Brooklyn, at 2:17 p. m. Thursday.

Besides Mayor Mosby, the Queen City people who were present at the launching of the beautiful cruiser, were J. M. Binir, George Gerke, William McCallister, L. R. Keck and H. H. Meyer, of the chamber of commerce, Scott Bonham, Robert McRoberts and Ed Dientz, of the board of legislation, George T. Sterritt, Miss Constance Sterritt and Miss Stella Mosby, the mayor's daughter, who christened the ship.

The Cincinnati delegation received every courtesy and attention. They were met at the Gilsey house on their arrival by Lieut Coles of the navy, who is Secretary Tracy's aid, and who arranged the details of their participation in the launching.

Thursday morning Lieut. Coles es corted the Cincinnatians across the big bridge to Brooklyn and the navy yard, where the Cincinnati, painted a light gray above the water line and bedecked with flags lay ready for her first dive into the ocean.

Before the proud moment, when Miss Mosby broke the bottle of wine on the erniser's prow and exclaimed; christen thee 'Cincinnati,' " she said she was more than happy that the honor ressel could have been christened with cide. a bottle of Cincinnati beer had the mayor so decided. Commander Erben, the commander of the navy yard, who had heard of Cincinnati beer, sent word to the mayor that if he chose Miss Mosby could use a bottle of beer instead of wine. This was an unprecedented concession on the part of the navy department, but the mayor decided not to waste his bottle of beer that way.

HILL TALKS.

The Senator Says the Democrats Must Carry Out Their Pledges,

ALBANY, N. Y., Nov. 11.-Senator Hill, speaking of Cleveland's election, says: "It is not only a personal triumph of Ex-Pres. Cleveland, and a just tribute to him, but it is a vindication of democratic principles which he The people were opchampions. posed to desired turiff reform, and upon those two issues we have won the victory. Unquestionably the federal election issue kept several southern states with us which might otherwise have gone for the people's party. I trust that our victory will carry with it the control of \$500 offered by the Portsmouth park the United States senate, which will enable us to place democratic legislation upon the federal statute books.

We must carry out our pledges by re form in the tariff and reducing federal taxation; not by barsh and extreme measures, but upon the conservative line indicated in our platform and in the speeches of our candidates. If we shall secure the senate we can show the people the beneficent results of democratic politics, and the good that we can accomplish will insure us the power for many years. I think the democrats would prefer vigorous and aggressive policy, and to that end the existing federal election law should be repealed. It is a vexelected. Western Union bulletins atious, arbitrary and unnecessary which Wednesday led republicans to measure, capable of great injustice and abuse, and, in the hands of unprincipled officials, may become an instrument of aggression. The manner in which it was sought to be used against us by our opponents on election day furnishes an abundant argument for its repeal.

CHARRED TO A CRISP.

Four People Burned Alive in an Iowa Raitroad Wreck.

OTTUMWA, Is., Nov. 11.-A fearful catastrophe occurred on the Chicago, Milwaukee & St. Paul railroad at High land Center, a small station on that road north of this city. A fast freight dashed into the caboose of a local freight standing on the track, telescoping the caboose and four cars. The caboose caught fire, and the

scene which followed was heart-rendering. Four people were burned alive, and a number of others had narrow escapes. The caboose was split in two by a car of grain, wedging in four people on the right side.

A most pitiful sight was Miss Lizzie Butter, of this city, who got her head out of a window and piteously pleaded with those about to save her. Her body was pinioned in by a freight ear and it was impossible to extricate her. Mrs. Jones, also of this city, tried to

escape through the window, but being an unusually large woman she could no get through. The other victims were an unknown woman and an unknown man. The latter is thought to be a butcher at Oskaloosa.

The injured are Mrs. Clyde Millsack Mrs. Pickett, of this city, and Miss Lizzie Corey. These were badly burned, bu not fatally.

A curious incident was that one par

senger was disguised, and in the crasl his disguise came off, revealing a noted crook. He quietly disappeared in the excitement.
